

STOCK NOTES.

Montgomery county, this State, is getting the trotting horse fever very badly, and new men are entering the ranks. Jas. M. Bowling is among the new additions. He is the owner of Navaret, by Nutwood, dam Cuyler by Cuyler, second dam Ella (dam of Gypsy Queen, 2:24), Lady Washington, 2:24, Billy Tompkins, 2:29, by Enfield. Mr. Bowling is collecting his mares carefully and he has some first class matrons. Being a young man of push, brains and money he will make a success of the venture. * * * The Twenty-fifth Annual Sale of the Belle Mead yearlings, the property of Gen. Wm. H. Jackson, of Nashville, Tenn., occurred at Tattersall's, in the presence of a large attendance of buyers, and the expectation of sensational prices was fully realized, as the average is the best of any sale held by this or any other stud. Only fifty-three head were sold, but they brought \$110,050, an average of \$2,076.42. * * * The fastest mile ever made in Kentucky by a three-year-old in June, was trotted over the fair grounds at Lexington Wednesday, when Czar by Russia turned the track in 2:24 with Sam Wilson behind him.—Tennessee Farmer.

A Little Girl's Experience in A Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daughter four years old. Last April she was taken down with the Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "bundle of bones". Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at Owen & Moore's.

A VERY OLD WOMAN.

Nancy Martin Dies in the Thirteenth District, Aged 112 Years.

There is reason to believe that the oldest person in Tennessee died in the Thirteenth district Friday night. She was Aunt Nancy Martin (col.) and she was 112 years old. Some assert that she was older than that, and place her age at 126. She was brought to this country ninety-four years ago by Persley Martin, who was murdered on his farm below here on the river, many years ago. Some say that Nancy was eighteen years old when she was brought here, while others claim that she was thirty-two. Taking the former as the most reliable report, she would have been 112 years old at the time of her death. She had lived to see five generations of children grow up around her.

In Memory of Eddie Byrd.

To the Tobacco Leaf-Chronicle: Eddie Byrd, son of J. A. Byrd, died Tuesday evening, June 21, aged 16 years, 4 months and 27 days. His death has left a vacancy in his home, church and Sunday school that can never be filled. He has many friends who will look in vain for his face in his Sunday school, for he has gone to join a larger class, and sit at the feet of a greater teacher. He was free from all the evil habits and inclinations that usually cling around a boy's life. He knew nothing but truth, honesty and obedience. The grief-stricken parents have a kind and just God to comfort them, and who has promised that their burden will not be too heavy to bear. May God send his angel of comfort to tell them that he is happy, and rejoicing with his sister around God's great white throne. His Cousin.

TEACHERS' INSTITUTE.

An Interesting Week Spent By Educators at Dover.

DOVER, TENN., June 25.—The State Institute met here last Monday under the skillful management of Capt. C. C. Douglass, of Gallatin. He is doing an excellent work and the teachers, directors and patrons are made to realize their critical condition and the vast field that lies before them.

The citizens are taking quite an active part in the work, making it very interesting and attractive. Messrs. J. W. Rice and Joe Stout have been regular attendants and manifested quite an interest. J. W. Rice says there is nothing in which he is more deeply interested than education, and he has certainly shown this by his actions.

S. C. Lewis, Joe Stout, J. W. Rice, Will Brandon and others have been delivering a course of lectures on the educational line.

Nearly all the county teachers have attended regularly; they are mostly young in the cause, and are destined to make well their calling.

Prof. Frank M. Smith, ex-State Superintendent and now principal of the Teachers' Department of the University of Tennessee, spent Thursday with us and made us an excellent talk. He spoke Friday night to a large crowd at Erin and is to-day in Clarksville to attend the Institute.

After the entertainment Friday night the citizens had a jubilee. A bonfire, music, and shooting and speaking in honor of the nomination of Cleveland. They organized a Cleveland club and among the number were found more than thirty ladies.

Prof. J. S. Buchanan, instructor of State Institutes, came over from Erin this morning. He will remain over a week to finish work here. He is a well educated young man and is doing much good in the cause. B.

R. H. Burney, Mayor Carney, M. V. Ingram, and Dr. John Beach returned from the Democratic convention yesterday; also Capt. Pat Henry, who stopped over to spend the Sabbath with friends, leaving this morning for his post in Washington. Mr. Leech took the Louisville route for the purpose of spending a day or two with his family, who are visiting in the bluegrass section. Mr. Ingram returned suffering from a severe bilious attack, and is laid up with considerable fever, but hopes to be out in a day or two and give our readers some of the incidents attending the greatest convention ever held in the world, also something about the Windy City and the grandeur of the World's Fair preparations. The gentlemen were all greatly delighted with the trip and the hospitality of the big city. There is nothing little about Chicago; everything is immense, and they all had a good time and lots of fun.

BOYS AND GIRLS!

Here is a Program Especially for You.

A Chance for Some One of You to Get the Prettiest Pony and Chaise in the State.

In connection with the splendid program already issued, and which has attracted wide-spread attention and interest, the LEAF-CHRONICLE has held in reserve, especially for its little friends, the finest Pony and Chaise to be found in this section. The LEAF-CHRONICLE will give the same to the boy or girl, sixteen years of age or under, who shall, between May 7, 1892, and August 1, 1892, secure the largest number of subscribers to the DAILY or SEMI-WEEKLY TOBACCO LEAF-CHRONICLE. Contestants will be privileged to take subscriptions for any amount, from 50 cents upward. No amount less than 50 cents will be received. Fifty cents will secure the DAILY LEAF-CHRONICLE one month, or the SEMI-WEEKLY for three months. By the year the price of the DAILY is \$6.00, and the SEMI-WEEKLY \$2.00. Both are well worth the money and more. Under this arrangement a paid-up yearly subscriber to either the DAILY or SEMI-WEEKLY will be entitled to the benefits accruing from the five guesses in the regular program and a vote for any one of the young ladies contesting for the other prizes.

Present subscribers may pay any advanced amount they see fit—beyond fifty cents—and be privileged to say to which of the contestants the amount shall be credited. All subscriptions received for by the office.

Every contestant for the Pony and Chaise will keep an account of the amount turned in, a duplicate of which will be kept by the office, so there can be no difficulty in deciding to whom the Pony and Chaise belongs. The aggregate in dollars and cents decides the contest. This offer goes into effect when ten or more boys and girls report their names to this office as contestants. No one now employed by the LEAF-CHRONICLE is eligible to enter into this contest. Subscriptions or advanced renewals may be obtained in the city or from anywhere they are to be had. The purpose of the LEAF-CHRONICLE is to push itself to the front as a full grown, first-class city paper. The people are already showing their appreciation of its efforts in this direction by word and deed. It is hoped they will help the movement by encouraging their little friends, who may compete for this handsome prize.

THE PONY

Is a beautiful little animal, young, vigorous, up-headed, stylish and gentle, safe for any child to handle, and is well trained to harness and saddle. It is strong and hardy, capable of as much service as many large horses. Her name is "Nellie."

THE CHAISE

Is new, elegant antique oak finish, with harness to match, the whole constituting a prize of which any boy or girl may be justly proud. The pony will be hitched to the chaise and will be on exhibition on Tuesdays, Thursdays and Saturdays, from 4 to 6 o'clock p. m., at Geo. F. Shelton & Son's stable, Commerce street.

AUCTION -:- SALE OF Wyoming -:- Horses

I will sell to the highest bidder at Clarksville, Tennessee, ON SATURDAY, JULY 9.

1892, 50 head fine bred western horses and mares. This lot of stock will undoubtedly be the best bred ever brought to Clarksville from the west. They will consist of mares in foal, suckling colts, and young stock farm yearlings up. They will positively be sold and every horse must be as I represent him for no sale. This stock should not be classed as ponies, as many of them are from standard bred stallions raised in Kentucky. They are good dispositions and have given entire satisfaction wherever sold. They have been raised in a high altitude (over 5,000 feet above sea level) and have splendid lung power. Sale at Daniel's stable at 10:30 a. m. Terms made known on day of sale.

R. W. BROWNING.

Dr. J. A. Lyon.

The Erin News, speaking of the Teachers' Institute recently held at Erin, has following to say of Dr. J. A. Lyon of this city: "Friday (17th) was Farmers' and Directors' day, and by special request Dr. Lyon delivered a lecture on bee culture, exhibiting not only a thorough acquaintance with the scientific features of the subject, but a practical familiarity with bee culture derived from years of experience as an expert. Dr. Lyon made a favorable impression on our people by uniting the very rare combination of the two qualities of thorough and profound learning and great simplicity and affability of manner. He is a great man in his department, and great men are always modest and unassuming."

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by Owen & Moore, druggists.

CARD FROM MR. ROBERTS.

Pretty Nearly a Difference Without a Distinction.

To the Tobacco Leaf-Chronicle.

You quote me wrong in your report of my speech to-day. I am an old Confederate soldier from Georgia. I served over four years and am as bitterly opposed to the "Force Bill" as you are. What I did say was: "If I had to be a slave, I do not care who plies the lash, whether he be white or black." Please make the correction and oblige Yours truly,

J. C. ROBERTS.

Science can not produce a better remedy for all malarial diseases than "C. C. C. Certain Chill Cure." Pleasant to take. Guaranteed to cure Chills and Fever. Sold by Owen & Moore.

She Wrote to the Empress.

ATCHISON, Kan., June 23.—Twenty-six years ago Bernard Schmidt left Germany and emigrated to America. He settled in Doniphan county, Kan., and in time became a rich man. In August, 1891, he concluded to visit his old home, and within a few weeks after his arrival was arrested and put in the army as a citizen of Germany subject to military duty. His friends in Kansas were very much distressed about the matter and sent long petitions requesting his release, but no attention was paid to them. Finally his little daughter Maggie, eleven years old, wrote a letter to the

MAGGIE SCHMIDT.

empress of Germany asking her father's release and relating in an artless way how his wife and children missed him. The letter was neither properly addressed nor stamped, but one kind official after another sent it on, and the letter at last found its way into the hands of the empress. Its contents interested her, and Schmidt was given a free pardon, returning home in March of last year, when his neighbors and friends formed a long procession and had a great celebration. You may be sure that little Maggie occupied an important place. The child's letter was written in German, and Bernard Schmidt informed the writer of this that the Berlin papers announced that his pardon was secured through the letter written by his daughter to the empress. E. W. Howz.

Go to Owen & Moore's and get a bottle of "C. C. C. Certain Chill Cure," and if it is not the best remedy you have ever used for Chills and Fever your money will be refunded.

Just received, a very handsome line of new matings at Bloch Bros. We have also decided to sell twenty rolls of tapestry Brussels at less than cost of manufacture. j8
